MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Miscellaneous

Here are two items of possible interest to you which I have picked up from the White House:

(1) The next NSC agenda item is the forthcoming International Court of Justice verdict on the South West Africa mandate.

Speaking of the Balaguer victory, Castro said, "Hell, we had that missile crisis and the Russians backed down. I asked them for help during the Dominican Republic crisis and they said one has to be careful. Then that joker up north (LBJ) had 35,000 men there in thirty hours. I ask you, is it worth all my efforts?"
